English · Grade 6

Find an idea and its evidence in English

Read or look closely

Our school garden helps pollinators. We planted flowers that bloom in different seasons. We leave a shallow dish of water near the plants. Students observe which insects visit the flowers.

Answers

1. What is the text about?

The school garden and pollinators.

2. What is the garden for, according to the first sentence?

It helps pollinators.

3. Reread the text. Name two things the students do to help pollinators.

Flowers bloom in different seasons and there is a shallow dish of water.

4. Copy the verb that tells what the students do when insects visit the flowers.

observe

5. Write a short English title reflecting the main idea.

Example: A Garden for Pollinators.
