Science and technology · Grade 1

Recognize materials

Name the material an object is made of.

Explore the topic with an adult if you need help.

Name _____ Date _____

Read or look closely

A spoon may be wooden or metal. “Spoon” names the object. “Wood” and “metal” name materials.

Your turn

1. What is a sheet of paper made of?

_____

2. A jar is made of glass. Which word names the material?

_____

3. A block and a pencil are both wooden. What material do they share?

_____

4. You want to wipe up water. Which would you use, a cloth or a sheet of glass?

_____

5. Draw two objects made from the same material. Name it.
