Science and technology · Grade 4

Read a food chain

Read the direction of arrows in a simple food chain.

Name _____ Date _____

Read or look closely

Grass → grasshopper → frog. Arrows go from the food to the animal that eats it.

Your turn

1. What does the grasshopper eat?

2. Which animal eats the grasshopper?

3. Which member of the chain is a plant?

4. Draw the chain with three labels and arrows pointing the right way.

5. If there are fewer grasshoppers, what might change for the frogs?
