Social studies · Grade 6

School in Québec in the 1960s

Connect changes in the school system to educational opportunities.

Name _____ Date _____

Read or look closely

In 1964, Québec creates its Ministry of Education. The first CEGEPs open in 1967. They offer technical programs and programs that prepare students for university.

Your turn

1. Which ministry is created in 1964?

2. What happens in 1967?

3. What two study options at a CEGEP does the text mention?

4. Give one example of a path made possible after secondary school.
