Social studies · Grade 6

Travel in Québec around 1905 and 1980

Identify changes and continuities in transportation.

Name _____ Date _____

Read or look closely

Around 1905, trains connect many cities. Streetcars run in cities such as Montréal. Around 1980, cars and buses are common on roads. Montréal also has a subway. Trains still carry people and goods.

Your turn

1. What kind of transportation runs on Montréal streets around 1905?

2. Which vehicles are common on roads around 1980, according to the text?

3. Which kind of transportation is present at both times?

4. Compare transportation in 1905 and 1980. Name one change in Montréal and one kind of transportation used in Québec at both times.
